Our Customer and Office Support Technology Program students are hard at work learning the customer service and sales portion of the class. Next week, they'll begin the Microsoft Office portion with Madison Adult Career Center. By the end of June, these students will have TWO industry-recognized credential certifications AND their adult high school diploma.

Machia earned his GED! We could not be more proud of his perseverance and hard work! Machia isn't done now though, he is now working with us on the next steps – a true testament of his dedication.

We had a fantastic time at Mansfield City's Peace on My Block Community Fair! We enjoyed discussing our program, reconnecting with former students, and catching up with an alum. It was a wonderful evening celebrating peace and recognizing the positive impact each of us has on our community.

“We at Mansfield Adult Education were thrilled to participate as a vendor at the Help Me Grow community baby shower at Crossroads Church. It was a wonderful opportunity to support families and connect with our community.”

Program Coordinator,
Andrea Karpiak-Feasel

Meet our newest team member: Emily Schawn! Emily will be teaching evening classes at the Crawford Success Center in Bucyrus and is passionate about helping students reach their full potential! During the day, she is the Community Outreach Coordinator at Third Street Family Health Services. When she's not teaching or attending outreach events, Emily can be found hanging out with her cat Toulouse, crocheting, reading, cooking, playing video games, and/or spending time with her friends and family.

Congratulations Class of 2024!
